Dear Mr. Halin

RE: Public Records Request

We just received your May 23, 2019 public records request today, in which you request, "any and all communications-including, but not limited to, all reports, letters, notes, memos, emails-sent or received by Superintendent David A. Fleishman with the key words "Zionism", "Antisemitism", "Israel", "Palestine", "Anti-Semitic", and/or "Islamist," in either title, content, or metadata."

Under Massachusetts public records law, we are required to provide you with copies of existing documents within our custody, with a shared per hour cost, after the first two hours, needed to compile the request. I would suggest you provide narrower parameters for this request, as we are unable to reasonably search all of Dr. Fleishman's reports, letters, notes, memos, e-mails without creating a substantial cost to you for the time necessary to complete such a request. Perhaps narrowing the search to a specific timeframe and/or specific correspondents would narrow the request and allow us to provide a cost estimate for your request.

Please let me know if you would like to adjust your search.

Assistant Superintendent
